

## The *History* of *Embankment Bistro*

Welcome to Embankment Bistro, where our story is as rich and varied as our menu. Our journey begins in 1864 with the Dartmouth Railway Station, a unique station that never saw a train but was instead connected to Kingswear by a ferry. This station featured a floating landing stage, setting it apart from traditional platforms. During both World Wars, it played a vital role in transporting armed forces to the Britannia Royal Naval College, cementing its place in Dartmouth's history.

Fast forward to today, and we've transformed this historic site into Embankment Bistro, a place where you can enjoy a comfortable and casual dining experience with stunning estuary views. Led by acclaimed chef Elly Wentworth, our bistro offers classic French-inspired dishes that celebrate the finest ingredients and culinary craftsmanship.

Whether you're here for breakfast, lunch, or dinner, we invite you to relax and enjoy the beautiful surroundings, the delicious food, and the warm, welcoming atmosphere.

Thank you for joining us at Embankment Bistro, where history and taste unite.

*Bon appétit!*
